## REGULATORY GUIDELINE FOR THE PRINTING AND PUBLISHING INDUSTRY IN SOUTH CAROLINA

PERMITTING FOR THE  
PRINTING INDUSTRY  
CONTACT NUMBERS FOR  
INFORMATION  
CONFIDENTIAL TECHNICAL  
ASSISTANCE

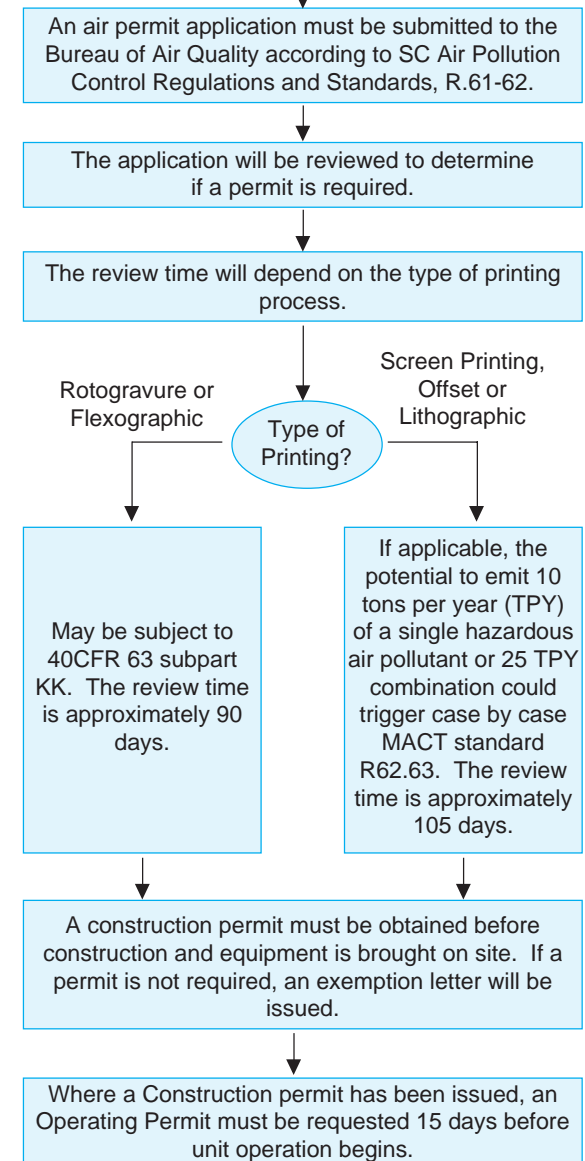

## Do I need a permit?

## What type of permit?

## Who do I contact?

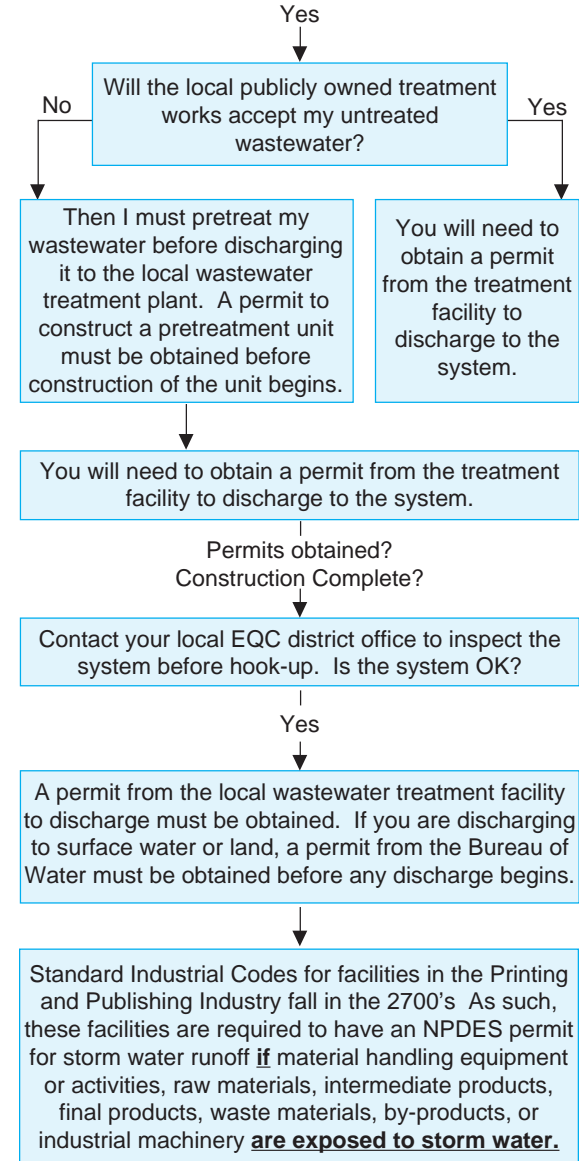

### Bureau of Air Quality

How much and what type of equipment, inks, solvents, fountain solutions, and other materials are being used?

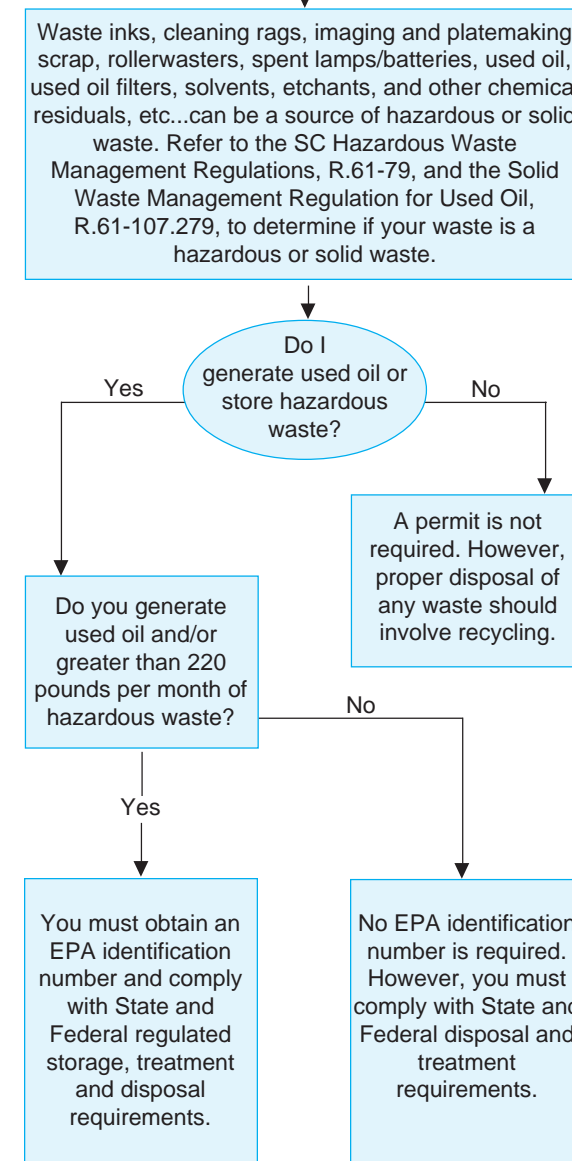

### Bureau of Water

Do I generate wastewater from cleaning equipment or floor, cooling water, film developing/fixing solution or rinse water, etc...?

### Bureau of Land and Waste Management

How do I know if I am a hazardous waste or solid waste generator?

## Definition of a Small Business:

- 100 or fewer employees
- Independently owned and operated
- Not a major source of air emissions
- Emits less than 50 tons per year of any regulated pollutant; and
- Emits less than 75 tons per year of all regulated pollutants.

Environmental technical assistance to South Carolina small businesses is available from the Small Business Assistance Program (SBAP) at the South Carolina Department of Health and Environmental Control (DHEC). Some of the ways the SBAP office can help you include:

- helping you determine which regulations apply to you;
- informing you of your rights and obligations;
- sending technical and compliance information to you;
- providing information on pollution prevention and accidental release prevention and detection;
- providing confidential one-on-one consultation through an audit program; and
- acting as an advocate and liaison to regulatory staff when businesses request modifications of work practices or approval of technological methods of compliance.

This guidance document provides an overview of regulations/permits that may apply to your type of printing. It is not a complete description of all the State and Federal permits that may apply to your business. If you have questions, or would like to talk with someone, feel free to contact us to arrange a meeting.
